CERTIFICATIONS

App Development with Swift | Apple Authorised Training
April 2026
Certificate of Achievement. iOS app development in Swift.

Introduction to Automation | UiPath
February 2026
Diploma of Completion. Robotic process automation fundamentals, applied in my M-Pesa Paybill process redesign at I&M Bank.

Full-Stack Software Engineering | Moringa School
November 2024 - July 2025
Back-end and front-end: JavaScript, React, Python, Flask.

IT Automation with Python | Google
December 2024
Scripting, troubleshooting, debugging and automation with Python.

EXPERIENCE

ICT Intern | I&M Bank, Nairobi
January 2026 - April 2026

- **Business process reengineering:** mapped and redesigned the M-Pesa Paybill short code issuance process, recommended RPA automation, and presented the findings to the BPR team.
- **Data analytics:** wrote SQL queries on Oracle and MS SQL Server, monitored ETL jobs, and built sample Power BI dashboards.
- **Networks and data centre:** checked VLAN configurations and firewall logs, verified database replication to the disaster recovery site, and attended a change board.

IT Attachment | East Africa School of Aviation, Nairobi
January 2025 - March 2025

- **IT Support:** Troubleshot and repaired hardware including printers, projectors and PCs, and gave end-user IT support that reduced downtime.

- **Development:** Helped build and test an Academic Management System.

Volunteer | Kenya National Library Service, Nairobi
January 2024 - March 2024

- Helped organise and digitise library resources, and registered and assisted library users.

PROJECTS

Soko | Final-year project: explainable stock-trend guidance for young NSE investors
2026

Android app and Flask API that predict next-day trends for NSE stocks and explain each prediction in plain language using SHAP.

Tumatiko | Event ticketing platform
2025 | tumatiko

Tumatiko is a full-stack event ticketing platform that lets organisers create events and sell tickets, and lets attendees buy them online.

Cherop's Reading Corner | Personal reading site
2026 | Cherop's Reading Corner

Full-stack site with a bookshelf, reviews and a blog, and visitors can browse and recommend books.

Personal Portfolio | Personal Portfolio
2025 | The Ivy League

Designed and built a responsive portfolio website showcasing my projects, experience and skills, deployed on Vercel.
